Two Examples Of HUD Funding for Projects Included in Portland's 10 Year Plan to Reduce Chronic Homelessness

From 2003-2005 Portland's homeless programs, including projects in their 10 Year Plan to End Homelessness, received a total of **\$33.7 Million in HUD program funding** to help pay for development and operational costs.

Developed projects used a wide variety of HUD programs including HUD's Continuum of Care, HUD's portion of Interagency Chronic Homeless Funds, HOME, CDBG, Project Based Housing Choice Vouchers, and our Section 811 Program for Persons with Disabilities. Below are just two examples of specific projects in the City of Portland 10 Year Plan and the HUD funding sources used for their development.

Central City Concern, 8th NW 8th (And Burnside) Project: \$6.38 Million Total HUD Funding

This project uses 60 HUD funded project based Housing Choice vouchers, administered by the Housing Authority of Portland, to subsidize the rents to make them affordable to extremely low-income renters. Over the 10-year term of these vouchers the conservative HUD voucher cost is \$5,040,00.

Adding HUD Continuum of Care Funding the total HUD funding for this project is \$6,380,000
